Our approach

We start from the workflow, then choose the technology. Sompalli & Co combines Chartered Accountancy literacy with product engineering so tools fit GST, Income Tax, audit and multi-branch reality — not slide-deck ideals.

Business-first design Start from the workflow, then choose the tech.	Built by CAs & engineers Compliance literacy meets product craft.
Ship · learn · improve Iterate with real users, not slide decks.	India-ready platforms GST, Income Tax, audit and multi-branch reality.
